

Accelerate Digital Transformation for Insurance with unqork

With rapid development in the insurance industry, insurers need to accelerate their digital adoption to stay competitive. With Unqork's enterprise-grade pure no-code platform, Quantiphi is enabling insurers to accelerate their digital transformation journey with our cutting edge AI-led Digital Engineering solutions.

Quantiphi

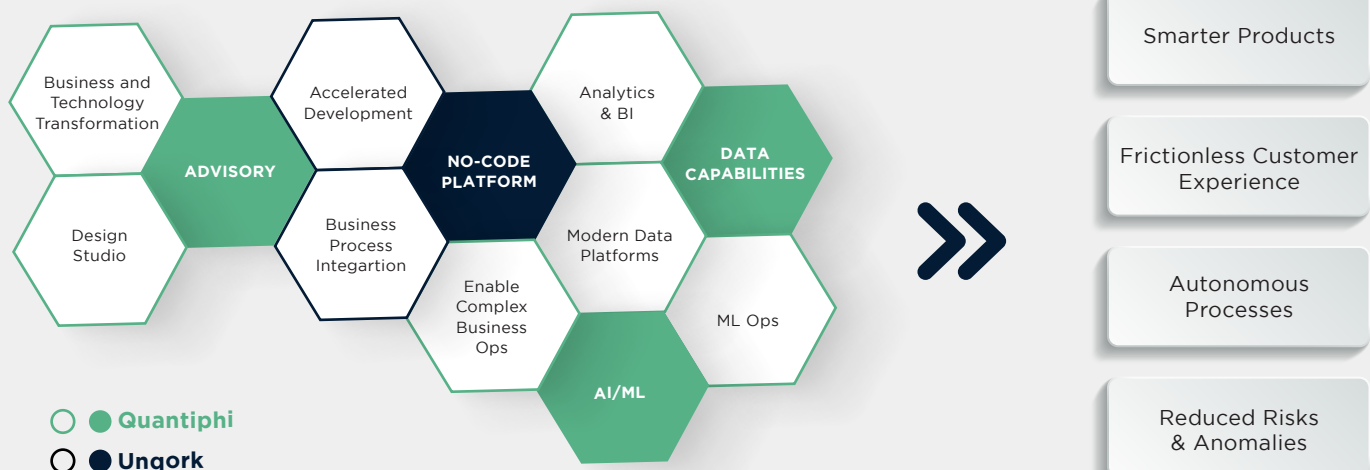

Unqork

Reimagine Solution Delivery with Unqork

Whether it is solving manual underwriting, claims processing challenges, or helping claims adjudicators and underwriters be more efficient in a digital environment, we continue to bring the accelerated value the Unqork platform provides for our customers and strengthen our relationship with Unqork.

How Quantiphi can transform traditional document processing with Unqork

Challenges

- Manual paper-driven underwriting processes
- Increased underwriting cost due to low productivity

Solution

Leverage Quantiphi's intelligent document processing solution to accelerate insurance underwriting processes, ensure compliance and gain competitive advantage. Improve your underwriting decisions with a user experience layer built on Unqork's no-code platform.

Business Imapct

- Increased operational efficiency
- Speed to market from discovery to production cost optimisation
- Reduced operational risks with automated controls
- Improved underwriting data across all fields

How Quantiphi can reimagine claims processing with Unqork

Challenges

- Large volumes of claims
- Manual review of unlabelled / semi-structured documents
- Slow, inconsistent and unstandardised data gathering process

Solution

Quantiphi offers an end-to-end Claim Adjudication Platform that will extract, classify, annotate and index the documents submitted while using predictive analytics for claims adjudication. Seamless integration to internal (e.g., policy admin system, payment system), external systems (e.g. vendors, police reports, etc.) and business process workflows can be developed with Unqork's platform.

Business Imapct

- Reduced claims turnaround time
- Decreased cost of infrastructure and technology with Unqork platform
- Improved user experience and faster time to market
